# Description

Tawakkalna app aims to provide users many services that authorize permits and display official health status. the project is about building the main screens of the Tawakkalna app including home, services, and account screens by using REACT Native and Vue libraries.

the project includes twenty-five members divided into collaborative subgroups. Each group is assigned to main responsibility and each member has a specific task. The first group is responsible for building the Home screen. That shows the health status, user name and image, recent services, and notifications. The second group is responsible for creating an account screen, which consists of two parts accounting settings and about the app. Account settings include language, phone number update, displaying photo an option for women, and location. The third group works on creating a services screen, that includes the following main sections: public, permits, and health. Public services contains Certify mobile number. Permit services include request new permit, personal permits, gathering permits, and gathering place code. Health services composed of caution mode, COVID-19 test, and ask for.

# PROJECT MEMBERS

1. Fatimah Alqahtani
2. Abdulaziz Alasmari
3. Abdulaziz Almohammadi
4. Abdullah AL Haif
5. Abdulmajeed Almaymuni
6. Abdulrahman Bin Maneea
7. Abdulrahman Sarawiq
8. Adel Kalu
9. Ahmed Almutairi
10. Albandry AlQaseemi
11. Amal Alaqel
12. Amal Almutairi
13. Arwa Wan La
14. Batool Alghamdi
15. Faisal Alsagri
16. Ibrahim Alobaysi
17. Reema Alyousef
18. Reham alanazi
19. Riyadh Alghamdi
20. Samirah Alhusayni
21. Turki Alqurashi
22. Mohammed Rashed
23. Ahmed Alzubaidi → Web Lead
24. Rawabe Alshaduki → Mobile Lead
25. Younes Alturkey → Product Manager

# REACT NATIVE TEAM

1. **Abdulaziz Almohammadi** → Navigations and screens
2. **Fatimah Alqahtani** → Repo and project setup
3. **Samirah Alhusayni** → Branding and icons
4. **Amal Alaqel** → Home-screen
5. **Amal Almutairi** → Home screen
6. **Albandry AlQaseemi** → Services screen
7. **Batool Alghamdi** → Account screen
8. **Reema Alyousef** → Account screen
9. **Rawabe Alshaduki** → Home screen
10. **Arwa Wan La** → Documentation
11. **Reham Alanazi** → Documentation
12. **Riyad Alghamdi** → Login screen and design
13. **Younes Alturkey** → Optimization and style enhancement

# VUE TEAM

1. **Ahmed Alzubaidi** → Banner and Contact us sections
2. **Mohammed Rashed** → How it works, router, profile screen
3. **Ahmed Almutairi** → Login screen
4. **Adel Kalu** → services and الشركاء/الدول
5. **Faisal Alsagri** → Footer section
6. **Ibrahim Alobaysi** → FAQ section
7. **Turki Alqurashi** → About section
8. **Abdullah AL Haif** → Navbar section
9. **Abdulrahman Sarawiq** → Readme and Optimization
10. **Abdulmajeed Almaymuni** → Readme and Optimization

# BACKEND API TEAM

1. **Abdulaziz Alasmari** → Project setup and management
2. **Abdulrahman Bin Maneea** → API development and deployment
